Box A Fuel Cell BASIC

Box A Fuel Cell BASIC is a priced optimized storage solution – constructed for fuel cell systems. Use the same box either you need a vertical or a horizontal solution – protects your investment.

Design characteristics

- Stand-alone storage system
- Ruggedized and corrosion-proof aluminum
- Multipurpose installation; vertical or horizontal
- Wheels for easy transportation (accessory)
- Products inside fastened with foam blocks
- Designed for up to two batteries (horizontal)
- Prepared for integrated solar panel in the lid
- Prepared for external solar panels
- Dimensions: 800x600x610mm
- Weight ex. components: 18kg
- Weight wheels: 2.5kg

Horizontal position

Vertical position

Box A Fuel Cell BASIC is prepared for - Purchase separately

- EFOY Fuel Cell Pro set/ EFOY Fuel Cell Pro Duo set
- AGM Battery - Horizontal: Up to 2 x 12VDC 70Ah
- AGM Battery - Vertical: Up to 1 x 12VDC 70Ah
- Methanol cartridges: Up to 2 x 28L
- DuoCart Switch
- Inverter 12VDC – 230VAC 150W continuously
- Inverter 24VDC - 230VAC 250W continuously
- Solar panel - Integrated (lid) – 45Wp
Dimensions: LxWxH: 756 x 460 x 2 mm
- Wheels/mounting bracket

Box A Fuel Cell ALL-IN

Box A Fuel Cell ALL-IN is a fuel cell solution ready to use with integrated cable work, solar regulator, battery guard, circuit breaker (main switch) and DC build-in socket. Foam blocks are prepared for all accessories and can be installed easily. The system is designed for robust and harsh environments, is easy and safe to handle and a cost effective solution!

Included in BOX A Fuel Cell ALL-IN

- Solar regulator
- Build in battery main switch
- DC output 12V/24V
- DC fuses
- Battery deep discharge protection
- Intelligent power outlets programmable
- Preassembled cable work
- Products inside fastened with foam blocks

Horizontal position

Vertical position

Box A Fuel Cell ALL-IN is prepared for - Purchase separately EFOY Fuel Cell Pro set / EFOY

Fuel Cell Pro Duo set

- AGM Battery - Horizontal: Up to 2 x 12VDC 70Ah
- AGM Battery - Vertical: Up to 1 x 12VDC 70Ah
- Methanol cartridges: Up to 2 x 28L
- DuoCart Switch
- Inverter 12VDC – 230VAC 150W continuously
- Inverter 24VDC - 230VAC 250W continuously
- Solar panel - Integrated (lid) – 45Wp
- Dimensions: LxWxH: 756 x 460 x 2 mm
- Wheels/mounting bracket

Accessories

Box A Fuel Cell has a large number of accessories that are prepared for the different installations – everything from 12VDC to 230VAC, solar panel, remote monitoring, easy transportation and build-in tracking unit.
