

12V100Ah

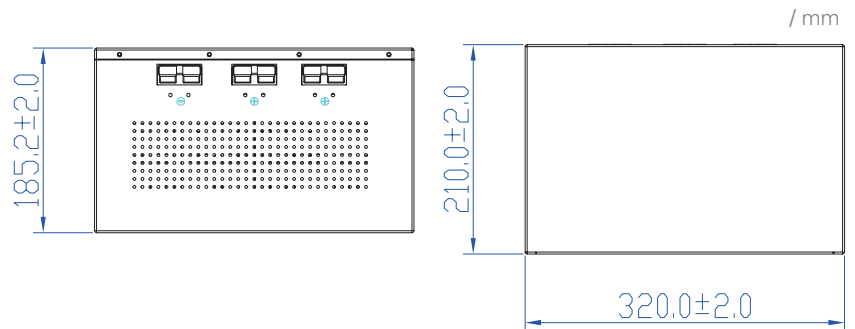

Multi-application LiFePO4 Power

Features & Dimension

- Support Bluetooth (optional extended function)
- Quick recharge
- High consistency
- No memory effect
- Low self-discharge
- High rate discharge
- Super long cycle life
- Environment-friendly
- Low internal resistance
- Replace lead-acid battery

AWILCO smart battery APP version 1.0 on Andorid and IOS, run with Bluetooth to get the working specification of the battery easily.

Specification

Model	LEP12100BM
Nominal voltage	12.8V
Typical capacity	100Ah
Internal impedance	≤20mΩ
Max charge voltage	14.6±0.1V
Cut-off discharge voltage	≤10V
Max continuous charge current	100A
BMS / PCM	200A
Pulse discharge current (2s)	500A
Terminal Type	Anderson
Battery Case Type	Metal
Work Temperature	-20 C ~ 55 C
Weight (approx.)	15.53Kg
Dimension (approx.)	320 x 210 x 185mm
Support Bluetooth or not	Yes
